## PREFACE.

The Publishers in presenting the third edition of their Business and Farmers Directory of the counties of Grey, Ontario and Simcoe, have endeavored to merit the approval of the public, by presenting a work that will be found the most complete of the kind ever published in the district. It will be found to contain more information of a nature valuable to business men of all branches than any other publication heretofore placed in the hands of the people.

Among the contents will be found the name of each farmer and owner or tenant of a lot outside the limits of each city, town, or village, with post-office, lot and concession, a complete list of towns, with the *business* people alphabetically arranged, also a separate list of *business* people classified with reference to their business. The whole combined making one of the most complete directories now published.

A work of this kind involves a great amount of expense and labor, and the publishers have spared neither, but have made every effort to make a reliable work worthy of the confidence of business people.

Thanking those who have kindly given us information, also the business people and the public generally who have given the work their support, we remain,

Respectfully yours,

UNION PUBLISHING CO,

OF INGERSOLL,

INGERSOLL,

Publishers.

Entered according to Act of Parliament in the year 1883, by J. F. Morrey, in the office of the Minister of Agriculture.

Hamilton Spectator, January 29, 1887.

James Hough, Jr., has opened an artistic printing office on Wyndham street, Guelph, where he has the latest styles of type and best machinery. Mr. Hough was awarded fourth premium in the *Inland Printer* competition at Chicago, in a field of 23 of the best American printers, and he was one of the three Canadians appointed to send specimens to the American Printers' Specimen Exchange at Buffalo. Mr. Hough ought to succeed in his venture, and if the Guelph people appreciate good printing he will.

Philadelphia Typographic Advertiser, Springtime, 1885.

In addition to other samples we have received a specimen, which is worthy of special mention, by Jas. Hough, Jr., Guelph, Canada.

Acton Free Press, January 27, 1887.

Mr. Jas. Hough, Jr., late foreman of the *Herald* job department, has opened a job printing office in Guelph, with as large and fine an assortment of type, presses, &c., as any office could desire. Everything in the office is new and of the latest styles and patterns. Mr. Hough has earned for himself a reputation for artistic job printing. He was awarded a highly creditable prize in the international competition arranged by the *Inland Printer* of Chicago. We feel satisfied that the work executed by the "Art" printing office will be in every way pleasing and satisfactory to the long list of customers it is sure to be favored with.

GRIP OFFICE, TORONTO, Aug. 7, 1886.

DEAR SIR,—I have received sample copy of certificate, for which I thank you. I am much pleased with the job. In the assortment and display of type, and the arrangement of colors, as well as the taste displayed in the general make up of the form, I consider it first-class work. The whole effect is very excellent, and I congratulate you on the job.

Yours truly,  
H. HOUGH,  
Manager Grip Pub. Dept.

## THE "HARRINGTON IMPROVED" SHIR-SLING

HAY AND GRAIN  
UNLOADER,

Which unloads by means of a double Shir-sling rope, with perfect and equal facility, not only hay, barley, peas, beans, etc., (short or long strawed,) but also sheaves of wheat, oats, rye, corn stalks, etc., in fact all kinds of grain raised on a farm. It is strong, durable, and so easily managed that a boy twelve years old can work it, taking off a load of hay or grain in from three to six minutes. I propose to sell this Unloader on its merits, believing that when it gets a fair trial it will give entire satisfaction. One farmer in a Township where I have no agency can have the Unloader at a discount, I to select such farmer.

## AGENTS WANTED IN EVERY TOWNSHIP OR COUNTY.

Territory large or small can be given, as I have control of nearly the whole Dominion of Canada. Price of Unloader put up in 60 foot barn, all complete and ready for work. \$55. For a barn over 60 feet, 25 cents per foot for additional track. For the 2nd or 3rd barn, \$5.00 for incline irons and wooden incline, and 25 cents per foot for the track. The one carrier, rope and pulleys will do for one or more barns. It will pay a farmer to have one in the saving of time, labor and convenience, and will sometimes save the price of itself in a single season. Also improved malleable self-oiling pulleys, with large maple sheaves, which save fully one-half the wear on the rope, and also save the trouble of climbing up to oil the pulleys, hence it must last nearly twice as long as on a small iron pulley.

The cut on the back of this page represents the machine unloading in the centre of a barn. Four or more sets of slings divide the load into as many parts as are desired. The slings are placed on the wagon, one set at a time, in the field, previous to and when loading. You can see how one-quarter of the load ascends to the incline, then unlocks the carrier and locks on the rope, then over the mow, and holds it until the hay or grain is deposited by means of a trip cord in the hands of the man on the load. After tripping, the carrier is pulled back to the centre by the same cord, where it will lock itself and relieve the rope, and the snap-pulley with the sling will return to the load, ready for another draught.

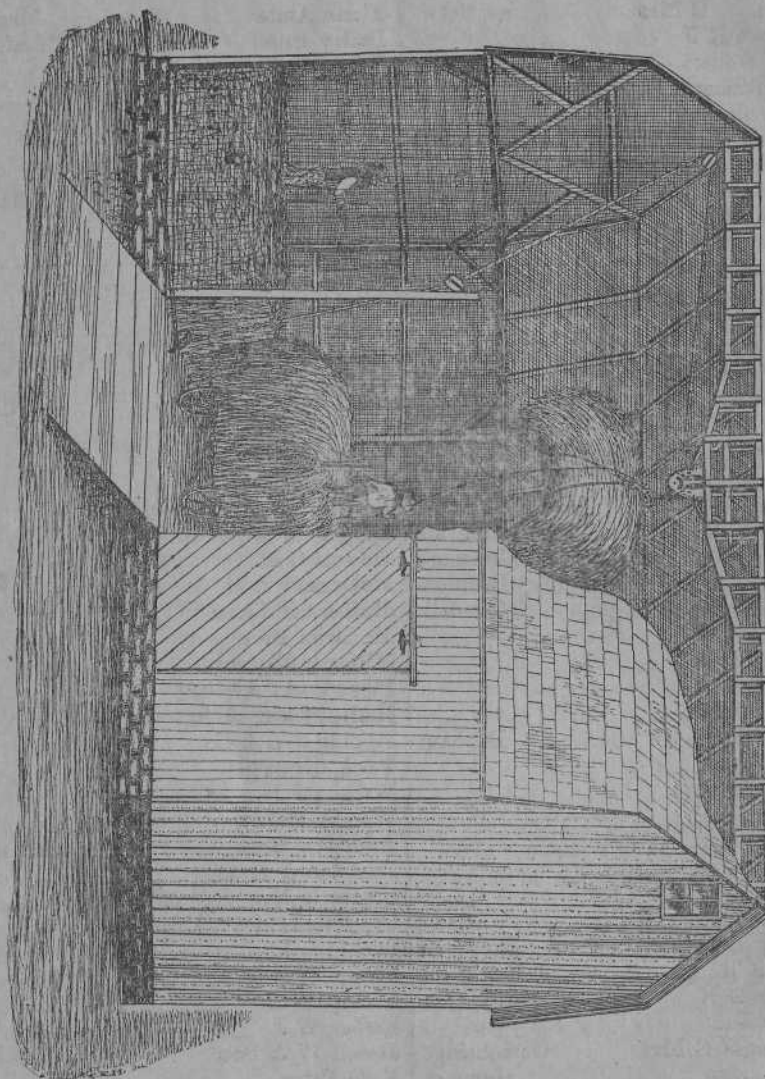

Write for illustrated Catalogue, Price Lists, &c., &c. All inquiries concerning the Unloader or pulleys will be cheerfully answered.

Address—

**R. W. BROWNE,**

Port Perry P. O., Ont., Canada.

The above Burning Oils are the best to be had in any market—they

have given entire satisfaction for the past five years.

I can assure you the Lubricating Oils are the pick from the best. You

cannot go astray on one of them. They have been used by the best Mills on

the Midland Railway and Georgian Bay for five years past and have gained

favor every year, and still hold the trade. They are prime articles and

cheap, and suited exactly for the Northern mill and store trade. The oil

trade is cut so fine, I propose to do more by mail than by visiting you, which

will be a saving to you of time and money, (in fact I have heard people

actually say they did not like oil travellers). By mailing your orders to me

direct, they will be filled upon honor, as to quality and price, day order is

received. It is supposed Oil is now at the lowest price—a good time to buy.

Yours truly,

ALONZO W. SPOONER,

I will allow you.....for empty Coal Oil Brls, F. O. B. at your station.
